J&L WOODWORKING

Welcome to the J&L Woodworking Collections Catalog.

For fifteen years our family and the loyal employees of J&L Woodworking have been building quality hardwood furniture. Superior products made by experienced craftsmen who care about each piece we produce. It is this level of commitment that has enabled us to grow from our humble beginnings in a 2,000 square foot workspace, to our current 10,000 square foot production facility.

Because we are able to construct, finish and assemble each piece of furniture under one roof you are sure to get only the very best that we can produce, and quite possibly the best furniture value for your dollar. We currently offer thirteen bedroom collections and several entertainment centers. Our collections vary greatly, and each is as unique as the person it is created for.
